

GENERAL GUIDANCE

According to the valid version of our Constitution and Bylaws, the Diplomate re-certification shall be supported by two (2) letters of reference from other Diplomates.

Who is eligible to support re-certification of a Diplomate as a referee?

A referee must know the applicant to such level that one can confirm the below mentioned criteria.

Preferrably a referee should be a Diplomate of the ECPHM from the same country. Alternatively a Diplomate of the ECPHM from another country, another EBVS-recognised Diplomate from the same country or a senior academic colleague (e.g. Head of Department, Dean) may act as a referee. Only one academic colleague at the same institute may provide a letter of reference. It is not allowed that the referee is a relative or partner (business or social) of the applicant. Persons connected in a direct reporting line within an institute or company cannot function as a referee for each other.

How long does a referee need to know the applicant?

A referee must have known the applicant for the five-year period prior to application for re-certification. A professional and not a personal reference is required.
